ILLINOIS COMMERCE COMMISSION

**Notice of Request for Comments Regarding Investigation Into Additional
Unbundling of Delivery Services**

October 3, 2003

On September 22, 2003, the Commission approved an Order in Docket No. 03-0582 initiating an investigation into the desirability of the further unbundling of delivery services. The Order and accompanying Staff report can be found through E-Docket on the Commission's web site at www.icc.state.il.us.

A prehearing conference for this proceeding is scheduled for October 29, 2003, at 9:30 a.m. at the Commission's offices in Springfield. The parties should have an agreement regarding the scope of the investigation by the prehearing conference so that a schedule can be set at that time.

In its Order, the Commission directed Staff to seek comments from interested parties concerning the following two questions:

1. Are there any additional delivery services that should be unbundled?
2. Should metering and billing services be further unbundled?

All parties interested in responding to these questions should send their comments by **October 24, 2003**, to Eric Schlaf at eschlaf@icc.state.il.us. All comments received will be posted on the Commission's web site at <http://www.icc.state.il.us/ec/ecDSU.aspx>. Commission Orders from the initial unbundling proceeding (Docket No. 99-0013) may also be found at this web page.

If necessary, a follow-up workshop or conference call may be scheduled to discuss the comments.

Please call Mr. Schlaf at 217-782-2743 with questions or comments about this notice.
